

# THE VOCATIONAL SCHOOL "LYCÉE PROFESSIONNEL JOSEPH ROUSSEL"

## IS LOOKING FOR IT'S NEXT EUROPEAN AMBASSADOR!

About 440 pupils study at the technical college «Lycée professionnel Joseph Roussel». Located in the city center of Le Mans, we provide courses specialized in Social Care, Healthcare as well as Mass Catering. Our technical college has always been developing international partnerships and organizing language and cultural exchanges in Spain and the United Kingdom as well as internships in Spain and Greece to develop students' cultural openness. Our project is to develop students' European awareness too and help them to open up more and more to the world and others. **You'll be part of this European adventure!**

**MISSION** The volunteer will be involved in the various activities of the college:

- ✓ Your role is to promote Europe and your country among students (through socio-educational activities, language workshops and refresher courses, a Club Europe) and help the college in forging links with other schools and thus, create new working or mobility partnerships.
- ✓ You will manage the Europe corner, in collaboration with the librarian, and work on communication actions (website of the college, blog, Facebook page, the press).
- ✓ You will be invited to develop Europe-related games and recreational activities over lunchtime.
- ✓ You will especially work on mobility programs: encourage students to take part in a European experience and promote mobility in Europe through the Language Club and the European section, support students in writing their application form (CV, cover letter), brief them before departure, follow-up, develop the optional Euromobipro mobility section. You will intervene during Individualized Support sessions to help students and take part in collaborative projects, Etwinning for instance.
- ✓ You will come along with students to any exterior visit (+ travels and stays in France and abroad, professional mobility abroad).

✓ You will take part in any key event of the school: Welcome Days in September, Olympiads (September), Christmas, Careers Fair (February), Carnival, Open Day (March), Day of Talents (April), Europe Day, etc. Any other suggestion will be appreciated for the European Day of Languages or Erasmus Days.

✓ *In addition, the volunteer will work on some common projects with the 11 other European volunteers staying in Sarthe with the Maison de l'Europe which is the coordinator of these European Solidarity Corps projects.*

**CONTEXT** The volunteer will be hosted daily in the Lycée Joseph Roussel, but the project will be coordinated by the Maison de l'Europe, allowing the volunteer to participate more broadly in action to promote European citizenship together with 11 other volunteering projects in Sarthe:

- 6 volunteers are hosted in local boarding schools,
- 3 volunteers are hosted in town halls
- 1 volunteer is hosted in a high school,
- and 1 volunteer is hosted in the city of Rouillon.

These 11 volunteers will have the possibility to carry out common projects, especially during the Europe Day in May.

We also would like to raise awareness of European citizenship and openness by recruiting a European Solidarity Corps volunteer. This means more diversity, more exchanges of opinions, getting to know each other and accepting cultural differences. It will arouse students' curiosity and might encourage them to step out of their comfort zone and get new experience, abroad. At the Lycée Joseph Roussel, we manage many projects: all the sections of the school develop recreational activities, invite speakers for conferences, visit companies, collaborate with associations and local communities, take part in some events and work with diverse partners.
